

FINANCIAL AID SATISFACTORY PROGRESS

2023-2024 Warning Review Request

Grades that were previously "Incomplete" and are now complete, are NOT considered to be a grade reported in error or reported late. Please do NOT complete this form for an Incomplete grade being updated.

The computer program that determines whether you were in compliance with the Financial Aid Progress Standards was run after grades were posted.

The assessment of whether you were in compliance was based upon the grade(s) that were submitted and recorded on the college computer system as of that date.

However, we realize grades may have changed since then. Therefore, if you would like your records reviewed to see if you are now in compliance and can be removed from financial aid warning, please complete this form, and return to the Financial Aid Office within ten days of receiving your changed grade.

➤ **Please review the Financial Aid Satisfactory Academic Progress Standards Policy on the Hawkeye website.**

- Students are required to maintain a 2.0 cumulative grade point average.
- Students must complete 67% of the cumulative attempted credit hours.
- Students must complete a degree within 150% of the published length of the program measured in credit hours attempted.

You will be notified of the results of your request within two weeks of turning in your form.
